predictability of the plot after Simba leaves, destined to return. The

will long be hailed as such. The story is classic, but better yet are
both the stunning animation and the inspirational score by Hans Zimmer.
The songs are brilliantly written with music by Elton John (with help
from Zimmer) and Lyrics by Andrew Lloyd Webbers long-time partner, Tim
Rice. If you arent among the millions that have purchased the video DO IT

427.         That was the first movie Ive ever watched in a cinema. I was a kid
and I remember crying while watching - I was in love with the characters
and I was feeling them. They felt so real to me. Now... actually, as a
grown person, now is the same. Characters are so believable and so
realistic. Watching the movie as an adult brings a whole new meaning. The
good and the bad characters from the movie are like the people I meet
everyday in real life. The story is full of morals which I think are
really important for young kids these days. I think that The Lion King is
a must for every child and adult! With its characters and plot, it can
really move you and the kids might actually learn something from it. It
is far better than modern cartoons full of meaningless action and
dialogue.↵
